Description

NVR3416R is a LILIN's 16CH NVR, suitable for different environment. With ARM Cortex A9 dual-core processor, the network output is up to 144 Mbps (upward output is up to 96Mbps and download output is 48Mbps). Through LILIN's IPScan and WS-Discovery software, users will be able to constantly connect NVR3416R with the IP camera, simplifying its usage. It also features with VGA and HDMI Output—Full HD, 1,920 x 1,080—, and packed with a mouse and a keyboard. It is definitely the first and best choice for middle-sized enterprise when choosing NVR product.
