Description

The IPS5200EA is 1080P Full HD PTZ Dome IP camera. The high-speed domes are capable of streaming HD video at up to 30 FPS. Featuring LILIN's Wide dynamic Range (WDR) feature, the IPS5200EA captures highlights and shadows simultaneously, eliminating pixilation and smear. Combine this with 3D Noise Reduction technology and adaptive tone reproduction and the contrast of images in bright or dark areas is dramatically improved. Capable of making 360° continuous rotations with a speed range of 0.15°-360° per second, users can accurately position the camera to identify specific targets. The 20x optical zoom and 16x digital zoom capacity give the IPS5200EA an impressive range. The camera can be powered through High Power over Ethernet, which complies with the PoE standard IEEE 802.3at.
