Description

  The JBOD1024 JBOD (just a bunch of disks) storage enclosure is designed to scale your LILIN NAV1108 / NAV1072 server storage expansion capacity. In a 4U form factor, it offers 24-hour hot-swappable 3.5" SAS/SATA hard drive bays, without compromising superior cooling capabilities.This JOBD1024model offers two expanders for high availability. Just install hard drives and use an external SAS cable and connect to a

host bus adapter (HBA) on the head node server. The storage capacity can be expanded instantly and reduce the initial investment.
