

### 8 CH PoE 4K Standalone Network Video Recorder

# **NVR5208E**

www.meritlilin.com

Chrome, Edge, Firefox, IE, Opera, Safari supported

#### Introduction

The NVR5208E standalone NVR is the next generation of LILIN professional POE NVR series. No IP addresses' configuration for cameras is needed. The NVR5208E is built-in POE for powering POE cameras. The NVR5208E supports up to 8 channels Ultra HD (4K) camera recording that the Ultra High Definition, 4K or 8 Megapixels video is four times clearer than traditional 1080p. Along with its low power consumption and all-in-one sleek design, the NVR5208E provides users a simple, affordable yet professional solution for megapixel surveillance in the mainstream markets such as SMBs, retail, hospitality, and intelligent buildings.

#### **Dimensions**

## **Technical Specifications**

IP vdeo input	
Supports	Network camera / ONVIF Profile S / DVR /
	NVR / Video encoder / Navigator 8 CH
Input	4K/5M/4M/3M/1080P/1.3M/1M/
Resolution	960H / D1 / VGA / CIF
Maximum Frame Rate	240 FPS
Video Output	
Output	HDMI 1.4 ( 4K 30P ) / VGA 1080P
Split Screen	1 / 4 / 8 / 9 split division, sequence mode, freeze, alarm display
Digital Zoom	Up to 64x on live and playback
Recording	
Encode Format	H.264 / H.265
Maximum Network Throughput	64Mbps
Resolution	CIF ~ 4K
Frame Rate	Single channel up to 1080P 60 FPS record
Recording Mode	Manual, schedule (continue, event, none)
Recording Schedule	Each channel 7day $\times$ 24 hours time table,
-	recording mode configurable Motion grid (20×12, multi-level
Alarm Event Actions	sensitivities) / network camera event / DI
	POS RFID AND PIN CONTROLLER
Metadata options	USER DEFINED 2
·	BARCODE SCANNER GPS
	LPR (Denial, Allowed, Visitor)
Alarm Notification	Alarm notification iOS \ android / E-Mail / FTP / buzzer / DO
Playback	
Playback Search	Alarm event / Operation event / System event / Meta data event / Time search
Search	event / Meta data event / Time search
Search Display	event / Meta data event / Time search 8CH synchronous playback CIF ~ 4K Up to 1080P 60FPS

P2P	APP scan QR Code / UID connection
RTSP Service	RTP UDP/ RTSP TCP supported
IPScan / WSDiscovery	Network camera plug and play via PoE port, otherwise WS-Discovery and IP Scan, automatically quick IP address setup for network cameras also available
Web access	Live / playback / backup / menu configuration / event log
Software	
VMS	Navigator
Backup / Playback	Remote Playback Manager / Backupman, multiple NVRs file download and multi- channel playback
Alarm	
Alarm/event (Ports)	DI $ imes$ 8 and DO $ imes$ 1 ( With programmable condition )
System	
Reports	Alarm event, operation, configuration and system execution log full reports exporting over HTTP or USB
Authentication	User authentication with feature configurable and IP address blocking
Language	Arabic, Traditional Chinese, Simplified Chinese, English, French, German, Hungarian, Italian, Japanese, Korean, Polish, Portuguese, Russian, Spanish, Turkish
HDD Inspection	S.M.A.R.T monitoring / File system defragmentation/ IO read write error
Recording Day	Automatic recording day calculator
Time	Daylight saving / NTP / External USB GPS
Accessories	time sync / Keyboard
PTZ Protocols	HTTP / ONVIF
PTZ Protocols Keyboard	HTTP / ONVIF PIH-931D keyboard input (Connector box required)
	PIH-931D keyboard input (Connector box required) Record external metadata via USB to RS- 232 cable, display at live and playback
Keyboard	PIH-931D keyboard input (Connector box required) Record external metadata via USB to RS-
Keyboard USB to RS-232	PIH-931D keyboard input (Connector box required) Record external metadata via USB to RS- 232 cable, display at live and playback Remote controller addressable up to 255
Keyboard USB to RS-232 Remote Control	PIH-931D keyboard input (Connector box required) Record external metadata via USB to RS- 232 cable, display at live and playback Remote controller addressable up to 255 NVRs (optional) Mouse click, drag and scroll USB Mic (Optional)
Keyboard USB to RS-232 Remote Control Mouse	PIH-931D keyboard input (Connector box required) Record external metadata via USB to RS- 232 cable, display at live and playback Remote controller addressable up to 255 NVRs (optional) Mouse click, drag and scroll
Keyboard USB to RS-232 Remote Control Mouse Microphone	<ul> <li>PIH-931D keyboard input (Connector box required)</li> <li>Record external metadata via USB to RS-232 cable, display at live and playback</li> <li>Remote controller addressable up to 255 NVRs (optional)</li> <li>Mouse click, drag and scroll</li> <li>USB Mic (Optional)</li> <li>WiFi and 4G external USB dongle supported</li> </ul>
