

P6W4482E2

4K Day & Night Fixed Smart Dual Light Turret IP Camera

P6W
SERIES

The LILIN P6W series cameras feature a high-resolution 8-megapixel CMOS sensor for clear images. This series combines advanced 3D digital noise reduction (MCTF) and 2D WDR technology to ensure visibility in various lighting conditions, along with day and night functionality for adaptability. The fixed lenses provide excellent image quality with clear details.

The cameras include digital PTZ (Pan, Tilt, Zoom) and ROI (Region of Interest) capabilities, supporting intelligent video surveillance (IVS) functions such as tamper detection, motion detection, and network disconnection detection, with customizable smart events. They are compatible with ONVIF Profile S, T, and G standards and feature waterproof and vandal-resistant designs.

The Z6W series is equipped with a dual-light source system, including white light LEDs and infrared, allowing for flexible and realistic imaging. The white light LEDs can record full-color images in dark scenes, while the infrared provides black-and-white images in low light. Both modes can switch intelligently to adapt to varying lighting needs, enhancing the equipment's practicality and reliability.
