

Z6W9552X3

4K Day & Night Auto Focus Smart Dual Light Bullet IP Camera

Z6W
SERIES

The LILIN Z6W series cameras are equipped with a high-resolution 8-megapixel CMOS sensor, combining 3D digital noise reduction (MCTF) and 2D WDR technology to ensure clear visibility in various lighting conditions. They support day and night functionality and feature a zoom lens for flexible adjustments to the surveillance range.

The Z6W series also includes digital PTZ (Pan, Tilt, Zoom) and ROI (Region of Interest) capabilities, supporting intelligent video surveillance (IVS) functions and customizable smart events to meet different needs. Compatible with ONVIF Profile S, T, and G standards, the cameras are designed with waterproof and vandal-resistant construction.

Additionally, the Z6W series is equipped with a dual-light source system, including white light LEDs and infrared, providing more flexibility and realistic imaging. The white light LEDs can record full-color images in dark scenes and emit warning signals, while the infrared provides black-and-white images in low-light environments. Both modes can intelligently switch to adapt to varying lighting requirements, enhancing the practicality and reliability of the equipment.
