

240W Constant Voltage + Constant Current LED Driver

Features

- Constant voltage + constant current mode output
- Metal housing
- IP67 / IP65 rating for indoor or outdoor installations
- Function options: output adjustable via potentiometer; 3 in 1 dimming

Description

HLG-240H-54 is a 240W AC/DC LED driver featuring dual mode constant voltage and constant current output. HLG-240H-54 operates from 90~305VAC. Thanks to the high efficiency up to 93.5%, with the fanless design, the product is able to operate for -40~+90° case temperature under free air convection. The design of metal housing and IP67/IP65 ingress protection level allows this product to fit both indoor and outdoor applications. HLG-240H-54 is equipped with various function options, such as dimming methodologies, so as to provide the optimal design flexibility for LED lighting system.
